- How to give a powerful I-story that will encourage new team members
- How to start your appointments in a way that sets you up for new bookings and sales
- How to stay in control of your classes, not letting your guests control you
- How to keep yourself motivated
- How to close your classes with confidence and new bookings/prospects/sales

Much more!!

To "graduate" Summer School on July 26, you must attend at least 6 of the 7 Summer School sessions and complete the brief "homework" from each class. You'll receive a graduation gift from me when we're done! You can also graduate with honors, details at the first session of class. Valedictorian will also be honored!
